Dear Ms Crilley

Lynne,

Thank you for your letter of congratulations as I take up the important role of Assistant Minister for Industry, Innovation and Science. I welcome the opportunity to work alongside the Hon Greg Hunt MP, Minister for Industry, Innovation and Science, to deliver on the Australian Government's key commitments.

As you know, industry and innovation are important drivers for improving the competitiveness and productivity of Australian businesses. The National Innovation and Science Agenda is encouraging the transformation of Australian businesses to be more innovative and entrepreneurial. I look forward to working with Minister Hunt to continue to deliver on this important Coalition government agenda.

Once again, thank you very much for your congratulations.

Yours sincerely

C. Laundry

Craig Laundry

Hope you're well!
